NATIONAL Designated United States Depository. Corner Room, Odd Fellows' Hall. THEO. P. HAUGHEY, Pres't. E. E. REXFORD, Cash.

CONDITION OF THE MARKETS

A Slowly Declining Market Causes Unusually Active Speculative Trading.

Wheat Gradually Goes Down in Spite of the Slow Movement from First Hands-Prices for Corn and Pork Also Lower at Chicago.

MONEY, STOCKS AND BONDS.

Rates on Call Still High and the Market Feverish-A Drive at the Grangers. NEW YORK, Aug. 23.-Money on call was easy at 5@6 per cent., the last loan being made at 5 per cent., closing offered at 5.

Prime mercantile paper 434 25 per cent. Sterling exchange more active but weak at \$4.84 for sixty-day bills and \$4.87 for demand.

The total sales of stocks to-day were 150,-514 shares, including the following: Atchison, 5,260; Delaware, Lackawanna & Western, 9,012; Erie, 4,750; Missouri Pacific, 5,425; Northwestern, 5,255; Northern Pacific, 5,080; Northern Pacific preferred, 6,150; Reading, 9,300; St. Paul, 33,050.

There was a cessation in the excitement in the stock market to-day, and the trading was again dull and the fluctuations small and generally insignificant, though the tone of the dealings was feverish and unsettled throughout the day. The action of Judge Cooley became known this morning. and was accepted as an explanation of the heavy sales of yesterday, and though the traders were still bearishly inclined and endeavored to push the advantage already gained they met with little encouragement from outside sources, while some buying orders from the foreigners dampened their ardor in the early dealings. The money question had little, if any, weight to-day, though the rates on call were held at from 5 to 6 per cent. throughout. There was, how-ever, no stringency and all were easily ac-commodated. The news of the meeting of the Chicago, St. Paul & Kansas City road was the occasion of another attack upon the grangers in the afternoon, but this was followed by the announcement that Judge Cooley was in conference with the officials of that road and the Chicago, Burlington & Northern, which arrested the decline and prices then gravitated upward again. The opening of the market was made at slightly lower figures than last evening as a rule, and there was some selling for a decline on the part of the room-traders, for foreign buying orders were encountered and con-siderable taking of profits by the sellers of yesterday helped to check the downward tendency except in C., C., C. & St. L. pre-ferred, which scored a drop of 1¹2 per cent. in the first hour. The market became dull but remained feverish and unsettled with a general upward tendency until the afternoon drive at the grangers, when the rest of the list sympathized to a limited extent. St. Paul and Missouri Pa-cific were the chief sufferers until Lackawanna made a sudden drop of 11s per cent. to 144. This decline, however, was checked before delivery hour and the entire list rallied, while the trading was marked by a sudden rise of 4 per cent, in Pullman, to 180. The market developed no further feature and finally closed dull and steady. The only marked difference from last night's final figures among the active list was a decline of 13s in Chicago & East Illinois, at 435s, the others being for small fractions only, and about equally divided between gains and losses.

The railroad bonds market again dropped back into the most extreme dullness, the sales of all issues aggregating only \$624,000. The market was generally steady, but a few important changes were recorded, and Atlantic & Pacific fours lost 2, at 72; Gulf, Colorado & Santa Fe sixes lost 2, at 65.

Government bonds were dull and steady.

State bonds were dull and featureless.

TRADING AT CHICAGO. The Ups and Downs of the Market, with the

Range in Prices of Leading Articles. CHICAGO, Aug. 23.-The wheat trade was more active, but prices were weak and somewhat lower. While the market appeared to be inclined to broaden a little, it was also predisposed to bearishness from the very opening, and the tendency of speculative values was downward throughout the session. "Bear" news predominated, and the weather everywhere was again of a character to encourage "short" selling. Cables, both public and private, were unfavorable for holders. In the Northwest, the movement out of farmers' handscontinnes disappointingly light, but this circumstance does not appear to weaken the confidence of the "shorts" as yet, since the crop is secured and will have to move sooner or later. There was quite large and general liquidation to-day, "longs" unloading and "shorts" covering. One prominent local operator was a steady and large buyer all day, and his purchases checked the decline more than once when December got down of 1 to 2 cents would be necessary in order to 771ge, but the market i nally got away from him, and during the last hour settled to 7714c. The close was steady at 773se for December, or 34c under yesterday's latest bids. Cash, August and the deferred futures were correspondonly moderately active at the decline. A large speculative business was transacted in the corn market early in the day, and the feeling was weak and prices lower. Later in the session the market became quiet and steady on the decline. The influences on the market were much the same as noted for several days past, namely—the large movement in this direction and favorable weather. The volume of business was quite heavy, "longs" were selling, and "shorts" covering. There was considerable pressure to sell May, offerings being very eavy, and the prices reached the lowest

points so far on the new crop. Domestic markets were off 142012c, and cables dull and weak. To-day's arrivals were about as anticipated, and estimates for to-morrow show considerable increase, being placed at 1,000 cars. Cash property met with a fair demand, with liberal offerings, and prices averaged 12@340 lower than yesterday. Trading in oats was more free. The near deliveries remained steady, as "shorts" were more disposed to cover and absorb the offerings with sufficient rapidity to support prices and absorb the offerings with sufficient rapidity to support prices for August and September. Máy was offered freely, and prices declined 4c. There was considerable changing of contracts from September to May, and some selling of May and buying of September. Quite an active speculative trade was reported in hog products. Offerings were liberal, the demand only fair, and feeling unsettled and weak. Receipts of hogs were quite large, and prices decidedly lower, and the market was unsettled, with a further decline in prices. "Shorts" were a further decline in prices. "Shorts" were disposed to sell freely, and the decline brought considerable property on the market, which was held on small margins. Prices declined on all the leading articles, with the deferred deliveries showing fully with the deferred deliveries showing fully as much weakness as the near. Trading was largely in contracts for September, October and January delivery. At the declining scale purchases were fair, but not sufficient to improve prices to any great extent. Pork went 17½@20c lower; lard, .10@.12½c; ribs, .30@.32½c. The leading futures ranged as follows:

DUN & CO.'S WEEKLY REVIEW. Hardening of the Money Markets Beginning

to Be Felt-Trade Continues to Improve. NEW YORK, Aug. 23.-R. G. Dun & Co.'s weekly review of trade says: The monetary pressure, of which so many warnings have been given, has operated this week to modify an improvement in general trade, due to excellent crop prospects. It is quite the fashion in Stock Exchange circles to represent the rise in lending rates as artificial, and intended to affect prices of stock. But the truth is that speculation of various sorts had previously withdrawn too much money from the support of legitimate business and productive industry, and the tendency of apprehension as to the future has been to cut down time loans still further, while many of the lenders have preferred to place their money on call with readily negotiable collaterals. The Treasury, meanwhile, has been collecting its surplus revenue from the people at large, but disbursing it to holders of bonds, and so to lenders at monetary centers. The result has tended for months to cause a faulty distribution of the mon-etary supply. The suspension of important mills results in greater caution as to loans, and a quick arrest of purchases of materials for wool and cotton manufacturers. Thus at Boston the wool market has been completely unsettled again, sales for the week amounting to only 1,100,000 pounds, all in small lots, and concessions

At Philadelphia the money market is tight, and the banks are scrutinizing closely because they have little to spare. At Boston banks supply customers, but discriminate very closely. Here the demand ingly lower, and the trading in cash was | for commercial paper is very light, and four-months paper ranges from 6 to 712 per cent. The money markets of interior cities are far better supplied; at Chicago by liberal receipts from the country, and at most other points because the demand has as yet been only moderate; but some closeness is noted at St. Paul, with slow collections. From all quarters improvement in business is reported, with fine prospects for fall

trade, consequent upon large crops. At Chicago the actual transactions are about equal to last year in clothing, a little larger in boots and shoes, and 18 per cent. larger in dry goods. The grocery trade is There was a liberal supply. All shipping grades

improved at raost points, excepting as to sugar, for which the demand has been affected by the operations of the Trust, and raw is 4c lower. Coffee is in better demand, and 4sc higher, and the serious injury to the Eastern potato crop by wet weather has caused a sharp advance. Butter and eggs are also higher, and cotton is 3-16c higher for spool, notwithstanding a decline of 4sc in print cloths. The splendid crop prospects begin to have their legitimate effect upon prices of breadstuffs and provisions. Hogs have declined 20c per 100 pounds; lard, 12c, and pork 50c per barrel. Oats and corn 4sc each, the latter with sales of 5,000,000 bushels, and wheat has declined 14sc, with sales els, and wheat has declined 112c, with sales of only 7,500,000 bushels here. The speculative movement in wheat has been defeated by liberal receipts from the farmers, and when the farmers market freely early in the season the prospect for fall trade is excellent, and monetary pressure is not usually of long duration. The iron and steel business appears still more encourag-ing, but the rapid increase in supply ren-ders consumers more confident as to lower

Secretary Windom's confidence that bonds would be offered freely in case of an bonds would be offered freely in case of an advance in the rates for money appears to have been justified thus far, the offerings and purchases this week having been quite liberal, but the Treasury, nevertheless, holds \$2,000,000 more cash than it held last Saturday, and, as has been explained, bond purchases do not put much money at the right spot to meet commercial needs. Happily, foreign trade, at present, threatens no drain.

pared with a total of 213 last week and 201 the week previous. For the corresponding week of last year the figures were 214.

TRADE IN GENERAL.

MINNEAPOLIS, Aug. 23.—Receipts of wheat, 122 ears; shipments, 60 cars. Sellers of cash wheat were asking about yesterday's price for most samples of grain offered, but buyers are off from making bids at all. Some early sales were made of special lots at prices that ranged from yesterday's scale 5 celow, but later the decline was accepted on all kinds. The local milling demand was only fair, and but little went to outside points. Old wheat of all kinds was slow. No. 3 selling best. Closing quotations: No. 1 hard, August, 78c; September, 78c; December, 79c; on track, 80c; No. 1 Northern, August, 75c; September, 74c; December, 77%; on track, 70% 77c; No. 2 Northern, August, 71c; September, 71c; on track, 72% 73c.

CINCINNATI. Aug. 23.—Flour dull. Wheat

CINCINNATI, Aug. 23.-Flour dull. Wheat dull and lower; No. 2 red, 73½c. Receipts, 7,000 bu; shipments, 6,500 bu. Corn dull and weaker; No. 2 mixed, 37c. Oats easier; No. 2 mixed, ½0æ20½c. Rye firmer; No. 2, 41c. Pork easier at \$10.50. Lard lower at 5.80c. Bulk ments easier and lower; short ribs, 5.12½c. Bacon easier; short clear, 6.37½c. Whisky firm; sales, 775 bris finished goods on basis of \$1.02. Butter easy. Sugar steady. Eggs steady at 15c. Cheese in fair demand.

Weekly—Net receipts, 1.904 bales; gross, 2,073 bales; exports to Great Britain, 318 bales; coastwise, 1,373 bales; sales, 371 bales. sales, 371 bales.

LIVERPOOL, Aug. 23.—Cotton firm, with a moderate demand; middlings, 65sd. Sales, 8,000 bales, of which 1,000 bales were for speculation and export, and included 5,100 bales American.

Dry Goods. NEW YORK, Aug. 23 .- The demand for dry goods at first hands showed improvement to-day, the continued activity in the jobbing trade being felt very decidedly, and the impression was that from now on business will be of steady growth. There was a better feeling and a strong undertone to fabrics. The market was unchanged and there was no special incident worthy of note. Jobbers were doing a good business in all departments, with very little calling of prices. Unsalable ginghams occasionally furnished material for special attractions in prices, but values are main-tained with a good deal of steadiness.

Metals.

NEW YORK, Aug. 23.—Copper nominal; lake, August, 12.10c. Lead easier and dull; domestic, 3.872c. Tin quiet and steady; Straits, 20.30c. ST. LOUIS, Aug. 23.—Lead dull and weak; sellers at 3.70c; buyers at 3.65c.

BUFFALO, Aug. 28.—Cattle — Receipts, 89 car-loads through and 57 car-loads for sale. Market slow; feeling steady for good grades.

Sheep and Lambs—Receipts, 50 car-loads through. Market slow and unchanged.

Hogs—Receipts 28 car-loads through. Market slow and a shade easier.

INDIANAPOLIS MARKETS. Trade Rather Quiet, with No Fluctuations in Values Calling for Mention.

Indianapolis, Aug. 23.

There were but few buyers in to-day, and trade was rather quiet. Had not the wholesale houses been busy filling orders given the day before the wholesale street would have presented a very quiet appearance. In prices there were no important changes. Sugars are firm at the advance of Wednesday, and coffees, roasted grades, are in strong position. In fact, all staple groceries carry a firm and steady tone. In the dry goods market no concessions in prices are made to effect sales, yet in the East prices are easier on account of the shaky condition of the wool market. The produce men have had a busy week. Trade was very fair with them, as, to-day, retail grocers were laying in a liberal supply of fruits, vegetables, etc. Eggs are coming in very slow and prices rule firm, but no higher, as it is believed that in a few days the demand will so fall off that the supply will fill the demand. Choice butter, as well, sells very readily at our best quotation. Poultry rules steady and is in fair demand; receipts are not large. The seed men report an improvement in trade, with prices unchanged.

Receipts of wheat are light, and the millers take readily, at quotations, all arrivals which are fit for milling purposes. Corn, on increased receipts, rules heavy, and oats, as well, move sluggishly. Little doing except to supply local demand. We quote:

Wheat—No. 2 red, 75c; No. 3 red, 70@71c; rejected, 64@65c for poor, up to 67@68c for choice; unmerchantable, 53@54c; August, 75c. To season new earthenware and iron-Place the earthenware in water, heating gradually until it boils and then letting it cool. Brown earthenware, especially, may be toughened in this way. A little rye or wheat bran thrown in while the water is boiling will prevent the glazing from being injured by acid or sait. New iron should be gradually heated at first, as it is apt to

The distress arising from overfeeding is speedly overcome by a teaspoonful of Sanford's Gin-

GER after a hearty meal. Dyspepsia, flatulency, rising of food, cramps, indigestion, sick-headache, nausea, and many ills may be prevented by a timely dose. SANFORD'S GINGER is a delicious combination of imported ginger, choice aromatics, and medicinal French brandy, and is the finest ginger ever compounded in the history of medicine. As a pure fruit stimulant for the aged, mentally and physically overworked, for delicate females, especially mothers, and as a means of eradicating a craving for intoxicants, it is inval-

Never travel without Sanford's Ginger.
Beware of cheap, worthless, and often danger,
ous gingers which are urged as substitutes. Ask
